substitute 14" gluten free crust for 16" standard crust

on any pizza for only \$2

all pizza and prices are subject to change based on availability and cost at market

**the pie factory proudly serves Pepsi products!**

**All alcoholic drinks contain 1.25 ounces of alcohol unless special ordered.**

# THE PIE FACTORY

*We cook on stone...*

The building we call home in Historic Downtown Florence was built in the 1800s by craftsmen using age old techniques and hand tools, upon a foundation of stone. We believe that it remains standing, as strong as the men & women who built it, because they took the care to do it right.

Here at the Pie Factory, we cook your pizza on stone, in a traditional pizza oven. We use age old techniques to make your pizza by hand. We believe it's a fitting tribute to those who were here before us, because like them, we believe in taking the care to do things right.
